## CHEEK TO CHEEK

## SHOP 'N POP

With her pixie tits, smooth and elegant body, and slender, well-shaped legs, Monique is a knockout in a recently-purchased red dress that she shows off to her boyfriend Charles.

Charles likes the dress, but he is more interested in what's underneath the dress. When she tantalizes him with a seductive strip tease, he licks her pussy and sticks his rock-hard cock in her mouth and crotch!

## GIRLS WILL BE GIRLS

The girls get together for some sunbathing, but it's not the sun that makes them hot. It's the sight of each other's almost-naked body that starts the fingers itching, the lips wetting, and the pussies dribbling. When they rub each other with baby oil, all pretense vanishes along with their skimpy bathing suits, and their tongues and fingers get busy on welcoming nipples and snatches!

## BLOWING BUBBLES

Bubbles is her name and bubbles is her game. When Harry peeks into the bathroom and sees Bubbles in the tub playing with herself, he gets so hot he can't resist. "Can I join?" he asks. "Be my guest," she replies. Within seconds Harry has his clothes off and is blowing Bubbles. He pricks her bubble and she bubbles his prick—and they both come clean!

## CHEEK TO CHEEK

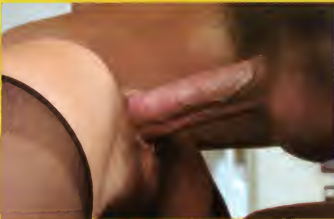

Karen has nice tits, nice legs, nice pussy, nice everything. But Jeff really enjoys the sight of a nice rounded ass, and Karen has one of those, too. On purpose, she bends over to give him an inspiring, close-up view, with the expected result—his cock gets hard and ready for action. It gets it, too, in Karen's talented mouth and cunt working to give them both plenty of satisfying orgasms!
